Docket No. 98N-1265  
Food and Drug Administration -7 AIO:23  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am outraged that the FDA is trying to keep women from obtaining natural hormones which cannot be obtained elsewhere. I know it has to do with the almighty buck! These medications have helped me immensely. Since I am very sensitive to chemical compounds, I ask you to reconsider!
